Geography

Ireland is the most westerly country of the European Union, separated from Great Britain by the North Channel on the northeast and the Irish Sea on the east. Ireland is an island of 84,430 sq. km (32,598 square miles). Its greatest length is 485 km (302 miles), its greatest width 304 km (189 miles), and its coastline extends for over 5,631 km (3,500 miles). The highest mountain is Carrantuohill (1,040 metres/3,414 feet), near Killarney in County Kerry. The longest river is the Shannon (370 km/230 miles). The largest lake is Lough Neagh (396 sq. km/153 square miles) in Northern Ireland.

The country is divided into four historic provinces. Ulster (9 counties) in the north; Munster (6 counties) in the south; Leinster (12 counties) in the east; and Connacht (5 counties) in the west. The population of the 32 counties of Ireland is approximately 5 million.

Limerick is a southern county located in Munster.

Landscape

The landscape varies from bogs and lakes in the central lowlands to mountains and rocky islands in the west. Between these two extremes, the island has abundant lush, green pastureland but little natural woodland.
Climate

Winters in Ireland are mild and summers temperate due to the prevailing southwesterly winds and the influence of the warm waters of the North Atlantic Drift. Ireland has a mild climate all year-averaging 2°- 7°C (35°- 45°F) in winter and 18°- 24°C (65°- 75°F) in Summer. May and June are the sunniest months with an average of over 7 hours of sunshine per day.

Make sure you pack a good rain jacket and a pair of waterproof shoes for rainy days!

Time Zone

Ireland is in the same time zone as Great Britain, Greenwich Mean Time (GMT). The clocks change twice yearly for summer time. The summer time period starts the last Sunday in March at 1.00am GMT, i.e. the clock goes forward one hour (GMT +1).

The summertime period ends the last Sunday in October at 1.00am GMT, i.e. The clock goes back one hour.

See the local time here.

Currency

The currency of the Republic of Ireland is the Euro (€).

Euro notes are in seven denominations: 5, 10, 20, 50, 100, 200 and 500 Euro.

There is 100 cent to the Euro and coins are in eight denominations: 1, 2, 5, 10, 20 and 50 cent, and 1 and 2 Euro. As Northern Ireland is part of the United Kingdom, the pound sterling (Stg£) is in use and denominations are similar to that of the Euro.

Banking

There are several retail banks in Ireland including the Bank of Ireland (BOI), the Allied Irish Bank (AIB), the Ulster Bank, the National Irish Bank and the TSB Bank. Bank of Ireland has a branch on the University of Limerick campus. Most banks are open from Monday to Friday from 10h00 to 12h30 and from 13h30 to 16h00, with some branches open through lunch.

There is extended opening until 17h00 on one day per week (the choice varying from place to place). ATM facilities are available is most towns and villages.
Credit Cards

All major credit cards (Visa, MasterCard and Eurocard) are accepted practically everywhere in service and retail outlets.

Some outlets may accept Diners Club and American Express cards. Most credit cards can be used in ATMs, especially the Bank of Ireland and Allied Irish Bank ATMs.

Postal Service

Post Offices are open from 09h00 to 17h30 during the week and from 09h00 to 13h00 on Saturdays. They offer a full postal service to all countries and often offer banking facilities.

Religion

Ireland is a religious country, with approximately 85% Roman Catholic. All other religions are respected and welcomed. There are Church of Ireland, Presbyterian, Methodist and Baptist Churches, as well as Eastern Orthodox and Salvation Army communities. Several American gospel groups are represented as well as Jehovah's Witnesses and Mormons. In addition to the Christian denominations there are centres for Buddhists, Hindus, Bahais and for people of the Islamic and Jewish faiths.

Safety

In the Republic of Ireland the Police are called the Gardaí (plural) or Guard (singular). In the case of an emergency the Gardaí can be contacted by dialling 999 or 112, as can the Ambulance or Fire Brigade services. Ireland is a relatively safe place to live, however it is advisable to take suitable precautions, such as avoiding poorly lit streets or back streets in the cities and larger towns at night. If you feel intimated or frightened in an area, it is best to avoid eye contact and leave the scene as quickly as possible.

Always remember to lock your room and windows before you go out. Always be careful with your personal belongings and do not leave valuables unattended.

Electricity

In Ireland, the same as in most parts of Europe, standard electricity voltage is between 220 – 240 volts, and frequency is 50 Hertz. If your electric goods are not suited to work under these conditions, you should buy a transformer. This especially applies to those of you who are bringing your electrical goods from the USA. Buildings in Ireland have sockets for 13 amp square pin fused plugs. Adaptors can be bought in any hardware shop to adapt your plugs to fit three pin sockets.
Telephone

Public telephones in Ireland are coin, card or credit card operated. Card operated telephones take a telephone card that can be bought from newsagents and can be used for several calls until the credit runs out. International phone cards can also be bought from most newsagents. The international dialing code for Ireland is +353 and the area code for Limerick is (0)61.

Most people in Ireland have a mobile phone and students may purchase a mobile phone on arrival in Ireland. There are several mobile phone companies in Ireland: Three, Vodafone, Eir, 48, Tesco Mobile, and Post Mobile. Many students who have a sim free phone (unlocked) pick up a free sim card and top it up with call minutes as necessary. You can also purchase a new phone here if you wish.

Radio and Television

Ireland has three state controlled television channels, RTE 1, RTE 2 and the Irish language Teilifís na Gaeilge (TG4), and one privately run channel, TV3. There are six national radio stations and many local ones. British TV channels can be picked up in most parts of Ireland on Cable TV.

Newspapers and Magazines

Popular national daily newspapers include the Irish Times, Irish Independent and the Irish Examiner. There are also daily tabloid newspapers. Most towns have a local or regional paper, which tell you what is on and where. The regional paper for Limerick is the Limerick Leader. All good newsagents sell a wide variety of special interest magazines, from sport to business. Most of these newspapers have mobile apps. UL’s library has a selection of international newspapers if you want to keep up to date with home.

Driving in Ireland

In Ireland, cars are driven on the left-hand side of the road. In towns and cities, the speed limit is normally 30-50 kilometres per hour but on certain roads higher limits may apply. A general speed limit of 100 kilometres per hour applies on all roads except for motorways where a speed limit of 120 kilometres miles per hour applies.

The laws regarding speeding, drink-driving and wearing seatbelts in Ireland are very strict. There is a penalty point system in operation, whereby points will be added to your driving license for road safety offences. Full details on all road safety offences can be found at www.penaltypoints.ie

Visa Applications

Students entering Ireland from outside the EU may be required to show airport officials a valid student visa. Where a student visa is not mandatory, an offer letter from the University of Limerick will be required. A list of such countries is available on this website.

International students requiring a visa are advised to contact their local Irish Diplomatic Mission. Those who do not have an Irish Diplomatic Mission in their home country should apply directly for a visa application form well in advance of their departure to:

Department of Foreign Affairs Visa Office
Hainault House
69-71 St. Stephen's Green
Dublin 2, Ireland

Tel: +353 1 4780822 (from 14h30 to 16h00 Monday to Friday) | Fax: +353 1 4751201 | Email: visa@iveagh.gov.ie

Full information on student visa requirements for individual countries is available on the following web site: www.irlgov.ie/iveagh/

Enrolment and Registration

Online Enrolment

Online enrolment is available to new students admitted to undergraduate and postgraduate programmes at the University of Limerick including students on Erasmus and Study Abroad programmes in UL. All students will be emailed and/or sent an SMS message to invite them to enrol online.

The process of enrolment is split into two stages. Enrolment is only done two weeks prior to your arrival and only if you have your original documents.

You must complete Stage 1 in advance of Orientation and you must complete Stage 2 during Orientation.

Stage 1: Enrol Online In Advance of Orientation

PC Requirements - In order to enrol online you must have:

- A PC with internet access
- A PC connected to a printer (you must be able to print the "Confirmation of Successful On-line Enrolment" at the end of the process)

Payment of Fees

In order to use the online enrolment facility you must have paid the required amount of fees for your programme of study and you must have an unconditional offer.

The University reserves the right to cancel any enrolment record, where a student enrols online and it is subsequently determined that they have not paid the required amount of fees due. The two primary means of payment are by bank giro (included in your orientation information pack) and by payment online (Laser and Credit Card). Further information on fees is available from https://ulsites.ul.ie/finance/student-fees

Online Enrolment Process

Go to your student portal at http://www.si.ul.ie

- Log in using your Student ID Number in the Student ID/Username box and enter 9999 in the PIN/Password box. Your Student ID number is issued to you in your notification email and/or SMS and on the bank giro enclosed with your orientation pack. It is also on your original offer letter.

- On logging in for the first time you will be prompted to change your PIN/Password. Please ensure that you make note of this change as you will use your student portal many times over the duration of your studies.

- Once logged in, you are in your student portal. Note the two boxes "Student Fees" and "UL Enrolment". If you are paying your course fees online by Laser Card or Credit Card, go to the "Student Fees" box and select the option "Pay Your Fees Online".

- To enrol online go to the "UL Enrolment" box and press the link "CLICK HERE TO ENROL".

- Follow the steps and instructions to enrol online. Mandatory information, highlighted in the colour pink, MUST be provided to proceed through the process.

- On completing the online enrolment process please print the "Confirmation of Successful On-line Enrolment". You must print this confirmation and bring it with you to orientation.
Stage 2: Fees Verification, Confirmation of Legal Name and Collection of Student ID Card During Orientation Week

In addition to on-line enrolment, there is a second stage that takes place during orientation week. To complete the second stage you must bring the following information with you:

- A print out of the "Confirmation of Successful On-line Enrolment"
- Evidence of payment of fees for your programme of study
- Evidence of legal name (passport, birth certificate or evidence of a legal name change on a marriage certificate or by deed poll)

Mobile Phone Messages

From time to time updates are issued by email and also by SMS. We will send you SMS messages from time to time if you have provided a mobile phone number as part of your application. All SMS messages will come from +353868374851. We recommend that you add this number to your contacts as "University of Limerick"

Once enrolled, you will receive your University of Limerick Student Identity Card during orientation week.

Registration

- **Full Time Undergraduate & Postgraduate students only**: It is very important that you register correctly and on time each semester. Payment of fees does not constitute registration.

  Registration may be completed on any PC by accessing the Internet at the University of Limerick Student Administration Menu:  [www.si.ul.ie](http://www.si.ul.ie)

  Further information on how to register for your modules can be found [here](#).

  You will need your **Student PIN**, which is issued at enrolment, your **Student ID number** and your **date of birth** to access the system. If there is any error or omission, or if you wish to make any change to the registrations listed on the screen, call to the Student Services Office (Room E0-001) **before the end of week 1**. After the end of week 1 of a semester, late registration will incur a monetary fine. If you are not registered for a module, you may be excluded from assessments in the module, so, it is very important that you register properly and on time.

  **Pre-registration for next semester**

  In week 5 of each semester, you are required to pre-register for next semester. This involves the same procedure as registration in week 1.

  - **Study abroad, Exchange and Erasmus students only**: You must fill out a form within the first two weeks of arrival with your modules and hand it in to the International Education Division. Your modules will be registered for you once this is done. The module registration process will be explained to you during orientation so do not worry.

CLASS TIMETABLE

The number of teaching hours per module varies from module to module, depending on the subject being covered and the size of the class. Lectures and tutorials are usually of 50 minutes duration, with laboratory classes lasting for 2-3 hours. Students can expect between 15-30 contact hours per week.

Once you have registered on your programme, you can access your class timetable online: [www.timetable.ul.ie](http://www.timetable.ul.ie)
