

## **Curriculum Design and Development Workshops**

The following sessions on writing programme and module learning outcomes will be helpful as you prepare your documentation for APRC. Please see below for registration details. Please choose the date that works best for you and your programme team.

Anyone engaging with the sessions is welcome to arrange a follow-up consultation with the Curriculum Development Support Lead in CTL, Íde O'Sullivan. Programme teams are also welcome to arrange group consultations on programme and module design and development.
