

8.45-9.15	Registration Graduate Entry Medical School Lobby	
9.15-9.30	Welcome and Opening: GEM\$0-28 Lara Coyle, Undergraduate Awards	
	Cited as the ultimate champion for high-potential undergraduates, The Undergraduate Awards is the world's largest international academic awards programme. It is uniquely pan-discipline, identifying leading creative thinkers through their undergraduate coursework. The Undergraduate Awards provides top performing students with the support, network and opportunities they require to raise their profiles and further their career paths, as well as awarding the Overall Winners with a gold medal and publishing their work in The Undergraduate Journal	
	GEM\$0-28	GEM\$0-29
9.40-10.00	Presenter: Aaron Young Title: Electronics from the bottom up: Incorporating van der Waals effects in quantum mechanical calculations Programme of Study: Applied Physics	Presenter: David Hogan Title: A qualitative exploration of student experiences of learning in lessons facilitated using an online collaborative learning environment Programme of Study: Materials and Architectural Technology
10.00-10.20	Presenter: Colleen Ballard Title: Women, War and Writing in 1916: Complexities of Nationality Programme of Study: BA Joint Honours	Presenter: Emmet Clarke Title: The Constitutionality of Gender Quotas Programme of Study: Law Plus
