

# Presentation Types 2020

**Research in 3 format** is as follows:

You will have three minutes, supported with three slides each of which shows for one minute each: no intervention by the speaker and any animations are not allowed to disappear or overlay other images (which would constitute more than three slides). No props are allowed.

The slides are timed and consist of a set of five slides (title, three slides and a closing slide).

It is a communication exercise, aimed at a technically literate (but not expert) audience.

## **Oral Presentations**

Oral presentations can be 10 (7xmin presentation & 3xmin for questions) minutes in duration. A laptop and projector will be available for presenters who wish to use MS PowerPoint on the day.

## **Poster Presentations**

Posters can be formatted in portrait or landscape format. Posters up to a maximum of A0 size will be considered (i.e. 841 x 1189mm or 33.1 x 46.8in). Presenters need to be available for discussions about the poster during the conference, especially at allocated poster slots.

## **Performances**

All performances reflecting aspects of Arts practice research will be considered. Performances can be up to 10 minutes in duration.

## **Video Presentations**

Narrated video presentation. Videos can be up to 10 minutes in duration.

Any type of presentation may be done individually or jointly with others.
