CHUBB®

Introducing the new version of the Chubb Travel Smart app

Chubb Travel Smart is designed to help you stay one step ahead while on the move, providing pre-travel advice and alerts directly to your phone. It enables your employer to send you messages, such as changes to your itinerary, or emergency alerts and can also help them to locate you if you have been involved in an accident or have been taken ill anywhere in the world.

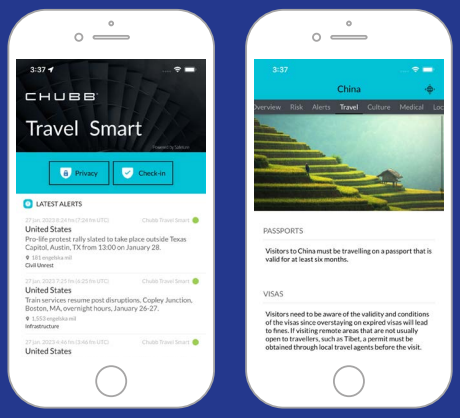

As part of the continuous improvement of our services, the Chubb Travel Smart app has been updated to a new version, offering more features and better usability.

What's new?

Version 2.0 of the Chubb Travel Smart app continues to give you a range of great features, with some helpful updates, including:

- Fresh look and feel with improved usability
- User-friendly access to customer service
- Improved registration for new users
- Integration with third-party booking tools*
- Push email booking confirmations to the app*
- Login via company single sign-on*
- 21 new alert categories
- Vetted and safety classified hotels, searchable via map
- Additional user-privacy levels
- More detailed information on larger cities

*Additional costs may apply

What do I need to do?

For users with automatic app updating enabled, there are no actions you need to take. Your app will automatically update to the new version.

For users who do not have automatic app updates enabled, you will need to manually update the app.

Apple users who have automatic app updates switched off will receive a notification from the App Store when the new version of the app is available.

Android users who have automatic app updates switched off can update the app in the Google Play Store.
