Change your view **Change your future**

IRISH STUDIES

SOCIOLOGICAL PERSPECTIVES ON IRISH SOCIETY

Duration: 3 weeks | Credits: 6 ECTS/3 US

Irish society has experienced a period of rapid social, cultural, economic and ideological change. Society in Ireland changed rapidly due to an economic boom and then a national and international financial crisis. This school illustrates how to use a sociological lens to increase understanding of the challenges and contradictions faced by contemporary Irish Society.

MODERN IRISH THEATRE

Duration: 3 weeks | Credits: 6 ECTS/3 US

Irish theatre from the beginning of the Irish Literary Theatre in 1899 to 1999. This course will provide an introduction to Irish drama in the 20th Century as well as explore the relationship of Irish nationalism and Irish theatre. Students will attend professional theatre productions in Dublin and Galway.

IRISH LIFE AND LITERATURE

Duration: 3 weeks | Credits: 6 ECTS/3 US

Analyse and contextualise the culture, history and traditions of modern Ireland. Assesses writers, explores social, political and economic developments and discusses folklore, music and song.

SACRED SPACE: STAR WARS, GAME OF THRONES AND IRELAND ON SCREEN

Duration: 3 weeks | Credits: 6 ECTS/3 US

Landscape, ethnography, and visual culture come together on this course, in which the students will examine why Ireland is so often used as a backdrop to films. Students will see how multi-layered understandings of culture, landscape and film technique produce entertaining and yet complex readings of sacred, spiritual and alien worlds. Includes boat tour around Skelligs.

CREATIVE WRITING: SHORT FICTION

Duration: 3 weeks | Credits: 6 ECTS/3 US

Students will explore elements of short fiction through analysing their use in a range of well-known short stories and through short written exercises designed to help students master a range of different strategies in creating plots, settings, characters, themes, dialogue, and other fictional elements.

IRELAND'S MYTHS AND LEGENDS

Duration: 3 weeks | Credits: 6 ECTS/3 US

Ireland is famous for its myths and legends, stories of mythical creatures and ancient tales of heroes and warriors. Students will gain a knowledge of the importance of mythology and will learn to appreciate Ireland's literary and cultural history more fully.

HEALTHCARE

DEVELOPING SELF AS A HEALTHCARE PRACTITIONER School of Nursing & Midwifery

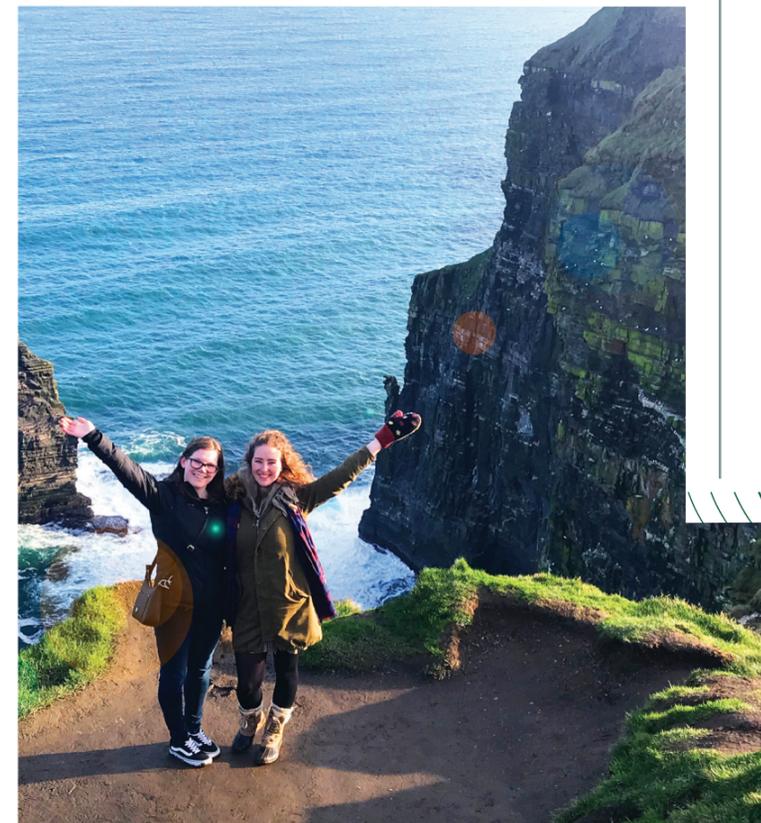

Duration: 3 weeks | Credits: 6 ECTS/3 US

This summer school provides a unique opportunity for students across a variety of disciplines to develop a greater awareness of the self in transforming practice. It will explore strategies for developing individual and collaborative approaches within contemporary healthcare practice. Incorporating Celtic spiritual dimension to healthcare and gaining insights through reflection. It aims to foster an engaged connected learning environment in the spirit of creativity, dialogue and diversity.

PHYSICAL EDUCATION SPORTS SCIENCE ACTIVE BODY, ACTIVE MIND Physical Education Sports Science

Duration: 3 weeks | Credits: 6 ECTS/ 3 US

It is well established that regular physical activity has enormous health benefits. Conversely, sedentary lifestyle leads to increased morbidity and mortality yet an astounding number of individuals remain sedentary. In this module you will learn to examine the application of psychological strategies, concepts and theories in exercise and physical activity settings. The module will also comprise aerobic and anaerobic exercises and will take place outdoors on our beautiful campus. What better way to learn than by being outdoors in nature while studying!

BUSINESS

INTERNATIONAL FINANCIAL MARKETS AND TRADING Kemmy Business School

Duration: 3 weeks | Credits: 6 ECTS/3 US

This summer school provides an introduction to international financial markets and emphasises the investment decision process as framed by behavioural finance. The use of real-time sophisticated trading and investment software will allow the student to gain experience and a commanding view of the global financial arena. Bloomberg Certificates are awarded to attendees as well as an official transcript.

LAW

TERRORISM, CRIME AND JUSTICE School of Law

Duration: 3 weeks | Credits: 6 ECTS/3 US

Terrorism represents one of the most challenging international crimes in contemporary times. This summer school will introduce students to the criminal justice system and theories relating to crime and terrorism. It will include an introduction to criminological and penological theories. In particular drawing on Irish experience, students will be provided with an insight into trends and theories on terrorism.

Additional Options

- Faculty Led Courses
- STEM Research (6 week programme)

At UL, we can customize a programme to suit your needs. If your students require more credit, you can add an additional week or two in housing and use UL classrooms to further enhance your students experience while allowing them to earn additional credit from their home university.
