## Courses

Our course catalogue for international exchange students can be found here:

<https://www.gre.ac.uk/international/go-abroad/incoming/catalogue>

Please note that courses may be subject to change and are not confirmed until the start of each term.

## Accommodation

On-campus accommodation is guaranteed for all students who study at Greenwich for a full academic year and is very likely to be available for students who study for one-term only.

More information on our accommodation offer can be found here:

<https://www.gre.ac.uk/accommodation/accommodation-at-greenwich>

## Visas

No visa is required for EU/EEA citizens who study in the UK for up to 6 months.

A visa is required however for a study period of over 6 months. The fee is currently £348, plus the [health surcharge](#) which is approximately £400. For this reason, we recommend that students should study at Greenwich for one-term where possible to avoid these fees.

For non-EU/EEA citizens, visa requirements can be checked on the UK government website:

<https://www.gov.uk/check-uk-visa>

## COVID

The University of Greenwich campuses are currently closed due to the pandemic and students are studying online. Teaching arrangements for the 2021/22 academic year are yet to be determined, however we will keep you updated with any developments in this area in advance of the next academic year.
