Comments: _____

The readmission form should be signed by the following:

CANDIDATE: _____ **DATE:** _____

PRIMARY SUPERVISOR : _____ **DATE:** _____

HEAD OF DEPARTMENT : _____ **DATE:** _____

NOTES

Prior to readmission to the PhD or masters register, as applicable, the candidate must review in detail his/her work to date with his/her supervisor(s). Once the Research Postgraduate Readmission Form has been completed and signed by the student, supervisor and head of department, it should be forwarded to the Student Academic Administration Office.

In instances where the candidate's research or data has been superseded or any required facilities/resources are no longer available, the supervisor(s) and head of department will review any revised research proposal. The candidate may be required to present to a Research Confirmation Panel. Once the revised research proposal has been agreed and the Research Postgraduate Readmission Form has been completed and signed by the candidate, supervisor(s) and the head of department, it should be forwarded to the Student Academic Administration Office.

In instances where the supervisory expertise in the original or new research area is unavailable, the Head of Department will recommend appropriate supervision arrangements to the Assistant Dean Research on the relevant PGR form (Alteration to Research Degree Supervisor(s) form). The recommendation will be approved by the Assistant Dean Research and forwarded to the Student Academic Administration Office.

On resumption of his/her studies, a candidate who has completed the minimum registration period for their research degree must re-register and pay the appropriate fee for a minimum of one year.

Please return this completed and signed form including any additional information to Student Academic Administration, Main Building, University of Limerick, Limerick, Ireland.
