

UNIVERSITY of LIMERICK
OLLSCOIL LUIMNIGH

MSc Human Nutrition & Dietetics

Pre-requisite learning

Applicants must have successfully completed the units Chemistry, Biochemistry, Biology and Human Physiology (NFQ level 8 or higher, with a minimum of 5 ECTS for each module) as part of the primary or postgraduate degree or other relevant degree from a recognised University. Applicants must demonstrate in their application where these prerequisite subjects have been met (i.e. in what modules and how many credits)
