

Courses open to exchange student:

Updated course descriptions are available [here](#).

The recommended number of **credits per semester is 30 ECTS**. More details about the courses:

- **[Faculty of Humanities and Education:](#)**

One of the Faculty's most popular course in the spring, is the

- **[Comparative Educational Studies Programme:](#)**

- **Faculty of Health and Sport:**

- **[Outdoor Education and Nature Guiding Programme:](#)**

Please note that to take the Outdoor Education and Nature Guiding courses, your students must be physically fit and be able to swim. The students will also have to send a motivation letter enclosed with their application.

- **[Faculty of Economics and Social sciences \(courses in economics, business, political science, it\)](#)**

- **[Engineering and ICT-students apply to the Grimstad campus:](#)**

My colleague in Grimstad, Terje Eugen Thorsdalen (terje.thorsdalen@uia.no), will handle any enquiries related to Campus Grimstad.

Please note that the University of Agder reserves the right to make changes in course offerings. Some courses are electives that are dependent upon sufficient enrolment.

Easy application process

Prospective students can apply directly online, but we only process their applications once we have received an ECTS Learning Agreement and a transcript of records approved by your university. Please note that in order for your students to participate actively in our courses and pass the exams it is necessary for them to have good knowledge of English. Information about the application procedure is found [here](#)

Application deadline: Please have your students apply as soon as possible and by **15 October**.

Housing guaranteed

Submitting these application forms by the deadline also means that the students are guaranteed student accommodation in residence halls on or very near campus. The students will receive a reservation code and more information about the housing procedure directly from us after the application deadline. They can also find more [information here](#).

Academic calendar

The spring semester starts on 6 January and ends on 6 June. The arrival day is Sunday 5 January. Please ensure that the students are able to stay for the whole period.

Practical Information

After the application deadline, 15 October, I will send the selected students more information. Until then, please direct your students to our [website](#) for information on practical matters.

Erasmus Student Network

Students from the Erasmus Student Network are responsible for the arrival and they also organize events for the students while there are here. The students will get more information about this **buddy programme** after the application deadline, but until then it might be fun for them to look at [ESN's webpage](#) or to join their [Facebook page](#).

We look forward to seeing your students here in the spring!

Best wishes,

Mette Høgbråt Pedersen
