

Welcome

to University College Ghent

HoGent

Welcome to University College Ghent!

It is with great pleasure that we welcome international students to University College Ghent.

Aiming at an international identity, University College Ghent is looking forward to receiving students from a variety of countries and cultures. As a foreign student you bring with you your cultural traditions, perspectives and contacts. We are sure that your contributions will enrich our learning environment.

We are situated in Flanders' most popular student city Ghent, which was chosen twice as 'the most enjoyable city of Flanders', namely in 2005 and in 2006. Every year Ghent attracts over 66,000 students for higher education studies, which effectively makes it the higher education capital of Flanders.

Welcome to what we trust will be an exciting time at our institution!
