

Greetings from Vienna, Austria! As a valued partner of WU (Vienna University of Economics and Business), we are excited to tell you about the launch of our newly designed website.

Information on our programs (semester exchange, ISU^{WU} etc.) can be found at www.wu.ac.at/en/programs/incoming-students/. This new design provides you with easy access to detailed information about not only our programs but also our supplemental programs and life in Vienna.

We would greatly appreciate your updating this link in your databases and share it on all relevant documents and sources of information directed towards your students, who are interested in studying at WU.

We hope you enjoy browsing our website!

Best regards,

Your International Office Team
