The application form is to be returned no later than **15th June, 2015**.

You and your students can find all necessary information on studying in Heidelberg via the [ERASMUS website](#).

The complete module catalogue for the summer semester will be available on the [university's online portal LSF](#) at the end of the winter semester. This term's modules can serve as general orientation and basis for a provisional Learning Agreement.

Please do not re-send your nominations if you have already sent us your list of nominated students and received a confirmation.

We are looking forward to welcoming your students in Heidelberg!

With kind regards,
