

When choosing your courses – Important :

- The 'previous knowledge' conditions: Available in each course's syllabus. Make sure you meet these conditions. Use your own judgment, proof is not required.
- The time table (available online 15/7) and the examination schedule (available beginning of the academic year). Overlaps in classes and/or exams are your **own responsibility**. There is plenty of time to make changes to your learning agreement once you are here.
- Full year courses are available for students who are here for the entire academic year. No exceptions allowed.
- The courses presented are a selection of all the courses available throughout the university. You can choose other courses as well. Courses that are not on this list require permission from the organizing faculty. Contact Ms Kim Vanderwaeren (kim.vanderwaeren@kuleuven.be).
- Students at the faculty of Psychology and Educational Sciences, are required to take up courses from our programmes. Programmes made up exclusively from courses organized by other faculties (and not included on this list) are not allowed.
- Exchange students are limited to courses from the faculties of KU Leuven "Campus Leuven". Courses from the partner institutions (e.g. Campus Brussels) cannot be selected.
- Students at a bachelor level can take up courses from Master programmes given that they meet the previous knowledge conditions and have the required minimum of previously obtained credits (see further). Master level students can take courses from the Bachelor programmes. Courses from Advanced Master programmes and predoctoral programmes (all faculties) are off limits for all exchange students.
- Students with a B2 level in Dutch can select courses taught in Dutch. See programme guide: https://onderwijsaanbod.kuleuven.be/opleidingen/n/F_50000339.htm#bl=all
- If you doubt a course is right for you, you can attend a lecture and/or talk to the professor. Registration for courses ends on the third Wednesday of each semester. Until then you can make changes to your selected course.
