Insurance requirements for incoming exchange students	<p>All international students and their accompanying dependents are required to have health insurance while enrolled at a U.S. institution.</p> <p>Medical costs can be very expensive in the U.S. and it is in your best interest that you have health insurance. As part of your immigration status as a J-1 Exchange Visitor, the U.S. government has set minimum requirements for health insurance coverage. For information about health insurance at OSU please visit the OSU Student Health Services website for International Students for information about their requirements and services.</p>
Immigration	<p>Students receiving funding from the United States government, a foreign government, or an Oregon institution may come to the United States on a J-1 visa. To obtain a visa, students should present their Certificate of Eligibility DS-2019 to the U.S. Embassy or Consulate in their home country, along with their documents of financial support, passport, and other required materials. OSU will provide the necessary documents upon acceptance.</p>

Accommodation	<p>Once your placement at OSU is confirmed, and you have received your OSU ID number you may apply online for on-campus accommodation.</p> <p>While you are a student at OSU, you have different housing options. Many international exchange students choose to stay in the residence halls. This is a wonderful experience that allows international students to meet and get to know their American student peers while they become fully immersed in college life. Living on campus is also the more convenient option as on-campus residents live within walking distance of most, if not all, university buildings.</p> <p>Students can find more information about on-campus residence halls, available dining services, costs, application deadlines, and much more online through the OSU Housing Information website for International Students.</p>
Approximate cost	<p>Under the terms of the exchange agreement, students receive tuition waivers for 12 credits of undergraduate level courses. Summer term is not included in the tuition waiver. The remaining expenses are estimated to be:</p> <p>1 term = \$5,260 2 terms = \$10,521 3 terms = \$15,781</p>
Orientation:	<p>Your arrival in the United States takes very careful planning. There are several important factors to consider that range from what to bring, to transportation from the airport to campus, and so on. Each Oregon institution conducts a mandatory orientation for international students at the beginning of each term to help integrate them into the American student lifestyle. The exact days and the length of each orientation vary from year to year, thus international students should not expect to receive orientation date and location information until they have been formally acceptance to OSU. To see information about orientation at OSU, visit their International Student Orientation website.</p>
