Visa Procedure

<p>Exchange students are required to obtain a Certificate of Eligibility and a visa for entering Japan.</p> <ul style="list-style-type: none"> • [Certificate of Eligibility] After you submit your completed application for Certificate of Eligibility (COE) to Toyo University's administrative scriveners, they will apply for your COE to the relevant immigration bureau. We then forward the COE to your home institute. • [Visa] A visa should be obtained in a Japanese diplomatic office in your home country. 	
Certificate of Eligibility	<p>You need to present your COE when you apply for a visa at a Japanese diplomatic office in your country. The COE also has to be submitted to the immigration officer when you receive landing screening at the port of entry. The certificate becomes invalid unless you apply for landing (entry into Japan) within three months of its issuance.</p> <p>* The Certificate of Eligibility verifies, at the time of landing screening, that the activity in which a foreigner wishes to engage in Japan is not false and that the activity matches landing qualifications such as being an activity stipulated by a relevant status of residence under the immigration law (except the status of residence for short-time [three months] visitors). This document is issued by a regional immigration bureau under the jurisdiction of the Ministry of Justice to foreign nationals in advance of their arrival in Japan.</p>
Financial Supporting	In order to obtain the COE, you are required to submit proof (in the form of bank statements, certificates of scholarships, etc.) that you can support yourself financially

Documents	with the equivalent of 120000 JPY per month for your study period.

You are expected to enter Japan within three months of the issuance of the visa. The visa you will obtain is valid either for one year or 6 months, allowing you to enter Japan multiple times during your stay.</p> <p>* A visa signifies the judgment that a foreigner wishing to enter Japan has been deemed suitable to enter and stay in Japan. Please be aware that a visa does not guarantee the permission of entry (stay), but is deemed as one of the requirements for landing application at the port of entry (airport/seaport). As in many countries, Japan has a system in which a foreigner wishing to enter Japan is required to have permission from immigration offices, i.e. the said Certificate of Eligibility, in addition to a visa.</p>
