## Library Services for Legal Professionals

The School of Law and the Glucksman Library are pleased to announce a special initiative to encourage local solicitors and barristers to make use of the University Law Library facilities.

# Library Membership for Legal Professionals

Library Membership for Legal Professionals is provided jointly by the University of Limerick School of Law and the Glucksman Library.

The following benefits are available to members:

- Consultation of printed materials
- Borrowing rights
- Remote access to the Library catalogue to identify availability of library stock
- Access through document supply service to collections of other research libraries on a fee per item basis
- Access to the Legal Practitioner Lab for quiet study
- A portion of the membership fee will be used to purchase books recommended by members
- Photocopying and scanning facilities, subject to copyright legislation
- Public Wi-Fi
- Online loan renewal facility

## Terms and Conditions:

Due to the terms of our Academic Licence Agreements with publishers, remote access to electronic resources cannot be made available to members. Each member is entitled to borrow four items excluding short-loan books. Certain categories of material may only be consulted in the Library, i.e. reference works and periodicals.

To ensure that books circulate to as many people as possible, fines for late return of items will apply and Library access may be suspended. If not reserved by another user, books may be renewed online.

## Fees:

€ 75 per year plus VAT of €17.25 total € 92.25

## How to apply:
