01 Poland: A Fascinating Country to Explore

● Poland, officially the Republic of Poland, is a country in Central Europe, bordered by Germany to the West, Czech Republic and Slovakia to the South and Ukraine, Belarus, Lithuania and Kaliningrad Oblast to the East. Poland's north border is lined by the 528-kilometer coast of The Baltic Sea.

● Poland's history is more than a thousand years of complicated and grand times with outstanding people who have contributed to the history and the history of the world. These are: Nicolas Copernicus, who "stopped the Sun and moved the Earth", king Jan Sobieski, who defended Vienna against the Turks, Maria Curie-Skłodowska, who discovered radium and polonium, the great composer Friderick Chopin, President Lech Walesa, Andrzej Wajda, Andrzej Kieslowski, Arthur Rubinstein, Czeslaw Milosz, Pope John Paul II and many, many others.

● Thirteen sites in Poland have been put on the UNESCO list of World Heritage Sites.

Polish cities with a thousand-year history invite visitors to encounter their unique beauty and charm. Poland's villages and small towns offer the opportunity to get away from the bustle of modern life, but Poland's greatest attraction is her nature: wild, often untouched, and more diverse than in most countries in Europe and around the world. You can find more or less everything here: alpine mountains, wide beaches, clean lakes, deep forests, internationally-renowned historic monuments, and even a desert in southern Poland. All of that, plus friendly people, make the country very attractive for foreign guests.

● Poland has been a member of NATO since 1999, the European Union since 2004 and, in 2007, Poland joined the Schengen Area.

Poland has also one of Europe's youngest populations – half of its citizens are less than 35 years old. Out of nearly 39 milion Poles almost 2 milion are the university students.

● Polish academic traditions date back to the 14th century. Some of Europe's oldest universities can be found here. Polish universities are well-known all over the world for the high level of education they offer.

● POLAND IN SHORT

Official name: **Republic of Poland/Rzeczpospolita Polska**; short form **Poland/Polska**

- Location: Central Europe
- Language: Polish
- Capital City: Warsaw (Warszawa)
- Major cities: Lodz (Łódź), Cracow (Kraków), Wrocław, Poznań, Gdańsk
- Population: 38 116 000 (December 2009)
- Religions: Roman Catholic 89,8%, Eastern Orthodox, Protestant, Jewish, among others
- Currency: Złoty (PLN)
- Climate: moderate with both maritime and continental elements (the average temperature in winter is -2°C , the average temperature in summer is 22°C)

Poland has been a part of the Students' Exchange Programme for years, however, it rapidly increased after Poland's accession to the EU. From that moment our universities became part of the European Area of Higher Education, which meant unifying and intensifying contacts with foreign academies on various levels.

Most of all, universities gained the possibility of free and easy exchange of students within European Union countries and opened themselves to the rest of the world. Lodz, being one of the largest cities in Poland (nearly 800,000 inhabitants), is one of the most significant academic centres with more than 120,000 students. Universities offer their students

a wide range of complementary areas of study, ranging from the humanities, through science, engineering and medicine, to academic studies like fine arts, music, film and direction.

02 Let's meet in Lodz!

● CITY OF LODZ – CITY OF FOUR CULTURES

The city of Lodz is located in the heart of Poland at a crossing point of many important European routes. In the beginning Lodz was inhabited by four nationalities. The Polish, Jewish, German and Russian inhabitants contributed to the rich and diverse cultural background of the city that the university strives to sustain. The local architecture and history attracts a great number of tourists. The history of Lodz is linked to the rapid 19th century development of the textile industry when the place was called the city of factory chimneys and the Promised Land.

● CITY OF FESTIVALS

Every year dozens of cultural events are held in Lodz. Concerts, film, music and theatre festivals attract more and more outstanding guests and tourists. The events worth recommending are:

- Festival – Lodz of Four Cultures (www.4kultury.pl)
- Explorers Festival (www.festiwalgor.pl)
- Lodz Biennale (www.biennalelodz.pl)
- Fotofestival (www.fotofestiwal.com)
- International Festival of Comics (www.komiksfestiwal.com)
- Film Music Festival (www.kinomuzeum.pl)
- International Triennial of Tapestry (www.muzeumwlokiennictwa.pl)
- Se-ma-for – Film Festival (<http://www.se-ma-for.org/>)

● HOLLYLODZ

Lodz is the cradle of Polish cinematography and is famous for its film traditions. The Polish National Film, Television and Theatre School is invariably one of the best film schools in Europe. The most known graduates are: Krzysztof Kieślowski, Roman Polański, Krzysztof Zanussi, Jerzy Skolimowski and Andrzej Wajda. Just like on the Hollywood Boulevard, one can find the Walk of Fame on Piotrkowska Street in Lodz. Moreover, you can learn the history of Polish cinematography in the one and only Museum of Cinematography in Poland.

● CLUBBING CENTRE

The cultural-entertainment life concentrates predominantly in the city centre, along Piotrkowska Street. Here are the branded fashion shops, more than 100 pubs, restaurants, clubs, discos and cafes.

Łódź Kaliska (a meeting spot for students of art academies), Lizard King (for rock fans), Klub Jazzga (with jazz concerts and clubbing events), Peron 6 (serving more than 160 beer brands), Irish Pub, Klub Siódemki, Dublin Pub, Bagdad Cafe and Rolling Stone are among the most popular. Enthusiasts of Eurodance rhythms are welcome to party all night long at the Cabaret, Cube, Nexus, Port West and Paradox discos. Average prices are: a glass of beer about \$2 and dinner for two people about \$15-20. Just visit Lodz and turn the night into an exceptional journey!

● UNIQUE ARCHITECTURE

Tenement houses and great residences are now regaining their splendor. The revitalized structures have been transformed into lofts, commercial and entertainment complexes and art centers. Nowadays the complexes of the 19th century industrial age are unique on a European scale. You will find here some of the finest examples of Classicism and Italian Neo-Renaissance, through Neo-Baroque and Art Nouveau to Neo-Gothic and Neo-Roman styles of architecture.

Two of them, erected by a famous manufacturer – Karol Scheibler, are situated within the area of so called "Księży Młyn". Another complex used to belong to Scheibler's competitor – Izrael Poznański.

At present, the old Poznanski's complex, is a shopping, leisure and culture center called "Manufaktura". Many of old, historical monuments like palaces

or manufacturers' houses are reconstructed and adopted for university's needs.

03 University of Lodz (UL)

03.1. UNIVERSITY OF LODZ

The University of Lodz was established on 24th May 1945 and is now one of the largest Universities in Poland. It combines 12 faculties, a branch in Tomaszow Mazowiecki and regional sites in Belchatow, Kalisz, Kutno, Ostroleka, Sieradz, Skierniewice and Zdunska Wola.

It is possible to study at the University of Lodz within 38 fields of study and 160 specializations. Moreover, we offer doctoral studies, more than 90 post-graduate studies (including MBA studies and those financed by EFS) as well as studies in English and French.

The university employs more than 3,983 people, among which 2,355 are the academic scholars, including 560 professors.

More than 43,000 students in first and second level degree, doctoral and post-graduate studies attend the University of Lodz.

03.2. INTERNATIONAL COOPERATION

International relations of the University are visible in various areas. Currently, within direct cooperation agreements, the school cooperates with 115 partner institutions from all over the world. Within the Erasmus Programme, the University has so far signed 461 agreements with 270 partner institu-

tions. As a result, the University of Lodz receives more than 150 foreign students and sends about 550 Polish students abroad each year (5th place in Poland). In addition, about 190 university teachers deliver lectures annually at foreign partner universities (1st place in Poland).

The University of Lodz takes part in other exchange and research programmes such as Campus Europae, Norwegian Financial Mechanism, Compostela Group of Universities, Erasmus Mundus – GEMMA project – Gender Studies run by Women's Studies Centre, Erasmus IP, Erasmus Thematic Network, Comenius, Leonardo da Vinci, Grundtvig, Culture, Health, and the Baltic University Programme. The university is taking part in 3 projects under FP6 and 12 projects under FP7 and has submitted 37, nationally and internationally funded, applications so far. In 2003 the Regional Contact Point for EU Research Programmes was established at the University of Lodz – it operates within the national network of 10 contact points supervised by the Ministry of Scientific Research and Information Technology. What is more, it operates as a Mobility Information Centre.

The International Educational Project Office's goal is to engage the university, its Staff and students, in international educational projects implemented within the framework of the Lifelong Learning Programme. The office prepares new project proposals and coordinates the projects. At present it are involved in 14 projects, some of them are addressed directly to students, such as GAVA (Erasmus

Programme) – preparing Master and PhD studying programme Governance for Sustainable Development; AMIEurope (Culture Programme) – which explores similarities and differences in European cultures from an artistic point of view, a project in which students participate in research and summarize festivals in Italy, Spain and Poland. If you would like to join one of the projects or you have an idea for a new one, please contact the office.

H. Smith School of Business, University of Maryland and the Towson University students of the University of Lodz can graduate with dual diplomas.

03.3. UNIVERSITY CAMPUS AND STUDENT'S LIFE

The university has 6 scientific and research stations operating outside Lodz and 10 dormitories with a capacity of over 4,000, which are situated in a wide campus area resembling a park. The university campus offers modern rooms within walking distance from most faculties. The University provides access to a state-of-the-art Sports Centre with a swimming-pool, sports halls, gyms, health and a beauty treatment room. Apart from abundant opportunities for social life (countless pubs), the students can join about 120 societies, scientific clubs, associations and other academic organizations such as the Academic Choir, Academic Song and Dance Group, Alternative Theatre or Academic Sports Association. The university's library, which houses the American Corner, is one of the largest and most modern libraries in Poland.

03.4. ERASMUS STUDENT NETWORK

ESN UL is a young but a powerful organization. It is formed by students and for students. The organization helps international students to understand the Polish reality and fully integrate, with both Polish and other exchange students. It offers help, guidance, and other valuable information in order to let a student find his/her way in the new environment.

Erasmus students can participate in interesting excursions within the city and its surroundings and integrate through different meetings in formal and informal ways. It also invites students to great and unforgettable parties, outings and other undertakings.

03.7. THE SCHOOL OF POLISH FOR FOREIGNERS

The University of Lodz boast the oldest and most recognized School of Polish for Foreigners that has educated over 19,400 students since 1952. The School runs courses which prepare foreign students for future studying in Poland. It offers basic courses of Polish as well as thematic Polish language courses in history, geography, biology, chemistry, physics, mathematics and philosophy with a view to giving prospective students the knowledge needed in Polish institutions of higher education.

School offers the following courses in Polish:

- a nine-month preparatory course for future undergraduate and postgraduate students (candidates may choose one special field of Polish: humanities, medical sciences, science and economy)
- a nine-month course designed for candidates, who wish to speak fluent Polish and for those interested in Polish culture or in doing business in Poland
- a five-month regular course
- a one-month summer course
- a two-week intensive course for Erasmus students, who study at the University of Lodz
- preparatory courses for the State Certificate Exams in Polish as a Foreign Language
- all types of courses according to students' needs.

Students who complete preparatory courses in the School of Polish for Foreigners are accepted at all Polish universities.

03.8. LIST OF NEEDED DOCUMENTS FOR ADMISSION PROCEDURE

General information

If you are an Erasmus Exchange Student (Erasmus Programme within European Union), please visit <http://www.iso.uni.lodz.pl/index.php/erasmus/admission> where you will find all the necessary documents to be downloaded, filled in and sent back.

If you want to study in Polish language, please make sure you contact the School of Polish for Foreigners first. If you know Polish language, please look through the documents below or contact the International Students Office for detailed and updated information.

The presented below documents are required for the candidate who is a foreigner, who possesses a certificate/diploma that is not Polish and wants to study at the University of Lodz in English, German, French or Polish.

LIST OF REQUIRED DOCUMENTS

● Application Form

The candidate fills in the Application Form (in CAPITAL LETTERS) downloaded from the University of Lodz's website (International Students Office: www.iso.uni.lodz.pl) or sent to him/her via e-mail: iso@uni.lodz.pl

INTERNATIONAL STUDENTS OFFICE

phone: +48 42 635 47 90

www.iso.uni.lodz.pl

phone: +48 42 635 47 90

fax +48 42 635 47 89

● School certificates and diplomas

The following school graduation certificates are required for candidates applying for Bachelor's Degree Studies – a certificate confirming their graduation from the high school. For those applying for Master's Degree Studies – a certificate proving graduation from Bachelor's Degree Studies.

All diplomas must be legalized in the country of their origin. If the country of origin is a part of the Hague Convention Abolishing the Requirement for Legalization for Foreign Public Documents, then the documents must have an Apostille.

The legalization is required for the application process, without it the candidate's documents are not valid in Poland. The legalization is made by the Polish Consul, therefore a student needs to contact the Polish Embassy in his/her country. Non-legalized documents will not be accepted and nostrified in Poland.

● Transcript of records

The candidate is required to present a transcript of records – a grade sheet – showing the academic achievements at school (subjects and grades). It is advisable to include an explanation of how the grading system works in the country the certificate(s) come from, which grades are the best e.g. 6 – excellent, 5- very good.

● Statement

For the process of nostrification (a validation of foreign studies and degrees), the candidate is also required to provide a statement that his/her certificates and diplomas allow him/her to study at the university level in the country they were issued. If such a statement is not already written on the certificate and diploma, the candidate needs

to visit the Ministry of Education in the country where the documents were given or a consulate or a diplomatic post of that country in Poland.

● **Cover letter**

Some faculties require that the candidate writes a cover letter. Writing a convincing and well structured cover letter helps the candidate to clarify his/her own ideas on what they expect from the studies and give the reason why they want to start a particular field of studies. Moreover, it provides the university with the knowledge about the candidate's interests, background and future plans.

● **Documents confirming the identity, country of origin and visit status**

Apart from the Application Form and school certificate(s) legalized by the Polish Consul, the documents confirming identity, country of origin and a visit status are required. They must be also legalized by the Polish Consul in a student's home country.

● **Medical certificate**

A medical certificate stating that there are no factors that might prevent the candidate to studying at the chosen major is required.

● **Health insurance policy**

Upon arriving in Poland, the candidate has to have a health insurance policy.

● **3 passport photographs**

● **Copy of the first page of the candidate's passport**

● **Language certificate**

A certificate confirming the candidate's level of English (or Polish if the study is in Polish language) is required. Recognized certificates include: the CAE – Certificate in Advanced English; CPE – Certificate of Proficiency in English; BEC – Business English Certificates; LCCI – London Chamber of Commerce and Industry; TOEFL – Test of English as a Foreign Language; GMAT – Master of Business Administration. The candidate who had his schooling in English, might not be required to present the language certificate. Candidates who had their education in English, do not have to present the language certificate.

● **APPLICATION FEE**

● **TUITION FEE (IF APPLICABLE)**

Unless the candidate is a grant holder of his/her government, there is a tuition fee that applies to different studies, both in Polish and English.

Candidates who present a proof of Polish origin, pay 30% less. Member of the EU are treated like Polish citizens. For more updated details on tuition fees, please contact the International Students Office.

03.9. DETAILS ABOUT THE ENROLMENT PROCESS AT THE UNIVERSITY OF LODZ

First, the candidate is required to complete a set of documents and return them as soon as possible (these may be copies/scans of the documents, since students need to bring the original documents with him/her after being admitted to the university). They are: an application form, copies of the certificates and diplomas, a copy of transcript of records, an English language certificate, a cover letter, and a copy of the passport with a picture.

Then, the documents are forwarded to the faculty's Dean who considers the documents on their merits. After the student is conditionally accepted by the Dean, the International Students Office sends the candidate a statement to be signed in which the candidate declares that he/she is aware of the enrolment procedure. The student is accepted conditionally because to be officially accepted, the candidate needs to complete all of the required original documents on his/her arrival. Once the decision is made, the candidate is given bank account information to pay for the recruitment process. A signed statement and proof of payment must be returned to the International Students Office.

After the candidate has received the legalization of his/her certificates, the International Students Office sends a letter of acceptance to the candidate. This letter is needed for a student visa.

In order to get a visa, the student needs to contact the Polish Embassy or Consulate in his/her country. The documents needed to get a visa are similar or correspond with those needed for the enrolment process into the university. Usually the Embassy asks to see the tuition payment and some financial statement of the funds needed to study in Poland.

Students wishing to obtain a room in the university dormitory, need to fill in the accommodation request which is available on the International Students Office's website: <http://www.iso.uni.lodz.pl/index.php/polish/admission> (a double room in the university dormitory costs about \$120 a month).

Upon arriving in Poland, a student is required to present all the original documents listed above.

03.10. TEMPORARY RESIDENCE /VISA REQUIREMENTS

● EU/EEA citizens Temporary residence permit

An EU citizen can enter Poland with his/her official EU identification or a valid travel document, such as a passport or any other document certifying his/her identity and country of citizenship.

For stays of up to three months no official permit is necessary. For stays exceeding three months, an EU citizen will have to obtain a temporary residence permit, known as a karta pobytu obywatela UE. For students, the residence permit is issued for one year.

Once issued, the residence permit also allows the person to work in Poland. The residence permit and the right to work also extends to the immediate family, such as a spouse and children.

This document will be issued by the Department of Citizens Affairs operated by the Lodz voivodeship regional government. The cost for the residence permit is about \$8.

Unit responsible for these matters is:**THE DEPARTMENT FOR CITIZENSHIP
AND MIGRATION AFFAIRS
OF THE ŁÓDŹ VOIVODESHIP OFFICE****Piotrkowska 103****rooms on the first floor****90-425 Łódź****phone: +48 42 664 17 50, 664 17 15,

8:30 a.m.-2:30 p.m.****Tuesday: 11:30 a.m.-5:30 p.m.**

Temporary residence permits will be granted to EU Union citizens who have health insurance and sufficient resources to cover their expenses without the need of any kind of government support.

Documents that have to be submitted by the student to the Voivodeship Office – Unit for Foreigners – in order to obtain the residence permit are:

- copy of the travel document (a passport or other identification)
- health insurance document
- official letter of acceptance from the Polish university (with information about the planned period of study)
- official statement from student home university declaring grant received or other proof of financial resources such as bank statement

- two photographs
- application form (wniosek o zezwolenie na pobyt).

Citizens of EEA countries are subject to the same conditions as EU citizens.

The citizens of Switzerland can enter Poland only on the basis of a valid passport.

See also the website of the Polish Ministry of Foreign Affairs, international version: www.msz.gov.pl: ADVISORY FOR CITIZENS OF THE EUROPEAN UNION TRAVELLING TO POLAND AFTER MAY 1, 2004 or the website of the embassy/consulate of Poland in your country.

● **NON-EU/EEA Citizens VISA**

A citizen of a non-EU/EEA country can enter the territory of Poland on the basis of a valid travel document (passport) and a visa (if required). A citizen of a non-EU country has to obtain the visa from the Polish Embassy or Consulate in his/her country of residence.

The short term visa entitles a person to stay in Poland up to three months. The long-term visa is good for up to one year. Extending a visa in Poland is only possible in case of a force majeure or situation impossible to foresee while applying for the visa in the consulate. The visa can be prolonged only once.

It is therefore necessary to apply for a visa in a consulate for the whole planned period of stay in Poland.

For details, please contact the Polish Embassy or Consulate in your country.

Individuals who have received a visa for the whole period of stay in Poland are not required to apply for a residence permit for their stay in Poland.

03.11. MEDICAL CARE AND HEALTH INSURANCE

Foreign students, including Erasmus students, are obliged to have a complete health insurance and third party liability for the entire period of their stay in Poland.

● EU/EEA citizens

The health care system in Poland is based on general health insurance.

Individuals covered by the general health insurance are entitled to free health services in Poland at the health care providers who signed contracts with the National Health Fund (NFZ/Narodowy Fundusz Zdrowia). The National Health Fund is the institution responsible for assuring health services for insured individuals and members of their families.

During a temporary stay in Poland, a person entitled to health care under EEA rules can receive health services in the following areas:

- primary health care
- specialist out-patient care
- hospital treatment
- dental treatment
- rescue services and ambulance transport.

In the event medical care is required, a student from a member country staying temporarily in Poland is entitled to free health care with a European Health Insurance Card (EHIC) issued in his/her country or in particular cases with a special certificate. It is advisable that the student have copies of these documents. The student is required to present one of these documents along with official identification directly to the health care provider.

- The student will receive free health services at health care providers who concluded a relevant contract with NFZ.
- In the event the documents are not complete, the patient will be required to cover the costs of treatment by himself/herself. The same is required for treatment provided by a health care unit which has no contract with NFZ.
- If there is a need for hospital treatment, a doctor's referral is required.
- In case of a sudden illness, accident or injury a patient receives necessary medical benefits without a referral.

- A patient who presents a European Health Insurance Card or a certificate, receives free hospital treatment within the general health care system.
- Apart from academic and public medical care systems, there is also a well-developed private sector. The costs of medical care may be reimbursed if a student has purchased a health insurance policy in his country before departure.

● **Non-EU/EEA citizens**

The students from non-EU/EEA countries should purchase health insurance in their home country, before departure. According to state health regulations foreigners (except for EU/EEA citizens, see above) have to pay for a medical consultation. The cost is then reimbursed by the health insurance company.

More information can be found on: www.nfz.gov.pl

Should the insurance company at home not pay benefits abroad, students must get insurance after arriving in Poland. To obtain health insurance a student can apply to a local branch of the National Health Fund (32 Żeligowskiego Str.). A copy of the person's passport and confirmation of student status from the university (in Polish language) will be necessary. Monthly payment is about \$15. The entire sum (contributions for all the months) can be paid at the beginning, if desired.

Before seeing a doctor it is necessary to register at the registration desk and to present an insurance policy and student identification, known as a *legitymacja studencka* in Polish. Moreover, a medical unit which provides general assistance is situated on campus. The phone number 42 678 22 67.

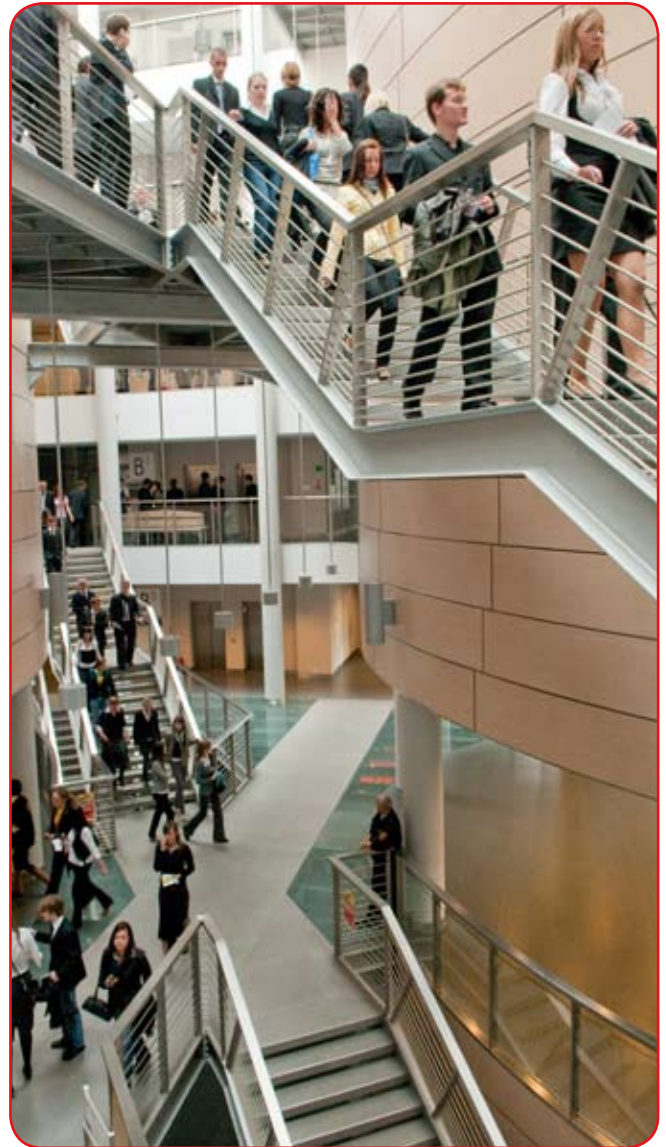

To register there for the first time, a student has to fill in a special form (in Polish). It is advisable to go there with a person speaking good Polish to avoid communication problems.

05 Important details

05.1. SHOPPING

From Monday to Friday shopping hours are usually from 6:00 a.m. to 6:00 p.m. (grocery stores); other shops open at 10:00 a.m. On Saturdays many shops are open between 10:00 a.m. to 3 p.m. Some small local markets may be open on Sundays, too. We strongly recommend purchasing food and basic household needs in large supermarkets which are located throughout Lodz. The large chain supermarkets include Tesco, Real, E.Leclerc, and Carrefour. They are open from 8:00 a.m. till 10:00 p.m. and they offer very reasonable prices.

A very popular place for shopping is Bałucki Rynek, a large open-air market in the northern part of Lodz where you can buy fresh fruit and vegetables at very low prices. For other shopping needs, there are three major shopping malls in the city – Manufaktura, Port Lodz and Galeria Łódzka.

● Example of prices in Polish zloties

a loaf of bread:	3 zł
a litre of milk:	2,50 zł
a cup of yoghurt:	1,60 zł
a litre of orange juice:	5,50 zł
a bottle of mineral water:	2,30 zł
a 1 litre bottle of Coke:	4 zł
1 kg of ham:	35 zł
1 kg of sausages:	18 zł
1 kg of cheese:	20 zł
1 kg of potatoes:	1,30 zł
a newspaper:	3 zł
a cinema ticket:	25 zł

05.2. CLIMATE AND CLOTHES

Some people associate Poland with the North Pole or the South Pole and amiable polar bears. Unfortunately, or maybe fortunately, the only polar bears that we have are kept in the zoo and the legendary cold, snowy winters are not as bad as people think. The average temperature in December, January and February is -2°C. These months are normally snowy which provides splendid opportunities to go skiing in the mountains. We advise bringing heavier coats, gloves, caps and boots.

March, April vary between cold and warm days with average temperatures of 12°C. After that comes a considerable warming up and the weather becomes more bearable. It is very possible to experience heat during the summer months.

The dress code at the university is rather informal. The average Polish student tends to dress very casually when attending lectures, tutorials and so on. There are special occasions throughout the academic year where it might be more appropriate to dress a bit more formally, but it's not necessary.
