GRADING SYSTEM

JIBS uses a grading scale that runs from A to FX

The grades A, B, C, D, and E are all passing grades.

A and **B** indicate that the student has proven very good or excellent results in relation to the intended learning outcomes of the course.

C indicates that the student has proven good and sound results.

D indicates that the student has proven satisfactory results, and

E that the student has proven the sufficient minimum to pass the course (fulfilling all intended learning outcomes of the course).

FX is provided when a student has not succeeded in reaching the required level for a certain element of examination or intended learning outcome. Students who receive an FX are offered re-examination on the course element(s) in question (e.g. written assignment, written exam, oral presentation).

STUDENT VISA/ RESIDENCE PERMIT

All students should have a valid passport for the period of their study in Jönköping. If the students need a visa/residence permit it depends on their nationality. More information at:
