UL Resources Available in the School of Medicine Building

- VH Dissector Pro is available on the PCs in the Anatomy PC lab, GEMS2-029 and on 14 PCs in the PC lab GEMS1-023 (these PCs are labelled to indicate that they have this software installed). These labs are open during building opening hours, i.e. 08.00-22.00 Monday to Friday and 09.00-18.00 Saturday and Sunday.
    - A website has also been established for student purchases of VH Dissector (based on a 2-year subscription). Click here for more details
- Embryonic Disk available on GEMS2-029 and on the PCs in the PC lab GEMS1-023 and GEMS1-024.
